Copyright Statement

No commercial use. Do not include my objects in pay ware. Do not use free ware airports including my objects for commercial use.

This library and all the objects included are for personal use only and have been provided free of charge by my good self to enhance your overall enjoyment within the X-Plane community. Please do not use any of the objects or texture files in any commercial context or outside the realms of X-Plane without first asking me.++

Feel free to use the objects in any of your own scenery packages, or those you share, except for those meant for specific airports, if you create your own version of that airport.

Marc Leydecker's © assets should never be redistributed.
